

EAST MIDLANDS REGION NEWSLETTER

East Midlands Report for Sprint – April 2010

After the terrible weather we've experienced this winter I was more than happy with the dry but cloudy and cold day we had for our monthly meeting in February. Considering the time of year we had a great attendance at our new venue, the Unicorn's Head in Langar. As it was Valentine's Day many members took the opportunity to take 'the one they love' out for the day and some even brought their partners along as well! 23 members attended in their TVRs together with many other members in their 'normal' cars and vans.

It was great to see Kev Dunnington and several other South Yorks members at the meeting. We look forward to seeing you again soon. It was also great to welcome some new members - Gary in his LOUD Tuscan S, Chris Morrow with his late model Chimaera 450 and Mark Brown with his family. Mark is currently rebuilding his Cerbera. We have two Mark Browns in the region now so it could get confusing! Welcome to you all and I hope to see you again soon.

As it was cold in the car park most people ventured in to the warmth of the pub and almost filled the place. It's a good job we've moved to a bigger venue as I'm not sure we'd have all got into the previous venue. Overall it was an excellent meeting and one of the busiest we've had for some time. Please remember we currently plan to have all our monthly meetings, including the summer ones, at the Unicorn's Head this year.

Looking forward to the coming events season we now have a massive list of meetings and shows lined up for the spring and summer months. You can find a list of all these on the East Midlands regional website (www.tvrcc-eastmidlands.co.uk) and on our regional forum.

As you read this the first big event of the year, the Chatsworth Gathering, is only a few weeks away on the 24th and 25th April. The East Midlands region will be putting on the run on the Saturday and our friends from South Yorks will be running the main event on the Sunday. Full details can be found on the Chatsworth Gathering website, www.chatsworthtvr.co.uk

Lastly we've had a couple of new cars in the region. A few months back regular meeting attendees Chris and Molly traded in their lovely red Tuscan for an equally impressive titanium Sagaris. The Sagaris now lives with their other TVR, a silver Chimaera, so they continue to enjoy open top driving.

Our Secondary RO Paul Arnold has also realised the advantages of multiple TVR ownership and has just acquired a splendid yellow Red Rose Tuscan to go with his Sagaris. It's always good to have a yellow TVR at shows to keep the flies off our picnics!

See you all at Chatsworth!
Tony
